MEAT & POTATOES

8-MODULE CUTTING WORKSHOP

DEMONSTRATION & HANDS-ON WORKSHOP

OVERVIEW

Find the fundamentals of hair cutting boring to learn and or teach? Perfect for first time cutters, as a refresher for the experienced or for the teachers/trainers themselves. Head back to basics in a fun learning environment and understand the rhyme and reason behind cutting. Discover cutting techniques from straight lines to creative cuts with this eight course series.

OUTCOMES

- WALK AWAY WITH A DEEPENED UNDERSTANDING OF THE ART OF CUTTING HAIR.
- FOCUS ON INDIVIDUAL KEY HAIR CUTTING TECHNIQUES EACH MONTH.

1: WALK THE LINE

Think it's easy? Wrong. There is more to the straight line than you will ever realised.

2: THE FRAME MAKER

Framing the face is what lies between the good hair cut and a sh*t one.

3: BASE LAY-HER & TEXTURISING

Layers are like the bane of our existence, learn the why before you snip.

4: SEAMLESS LAYERS & TEXTURING

No one wants the two layered hair cut. Blend, connect and hide the those dreaded heavy layers.

8: DISCO-NECTION

Connect your disconnection like a boss and turn it in to your own master-peace.

7: FRINGES

Short, long, round, straight, swept, kindergarten... so many options.

6: GRADUATION EWWW! & DIRECTIONAL TEXTURISING

Grad can be fun... trust me I'm a hairdresser and also learn how to get the hair falling in the right direction.

5: ROB, BOB & LOB

The myth, the legend. One of the hardest haircuts of all time to nail. Get it done right!
